TU Support is here to help you!

About us
The International Support Office aims to facilitate a wide range of engagements for international students and researchers, from issues with Status of Residence to tips for everyday shopping.

Lots of useful information!
Are you having any trouble with your daily life in Japan? TU Support helps international students and researchers to adjust to Japanese life and live more conveniently. A lot of information, such as status of residence, housing, public transportation etc, is available so please check with TU Support whenever you want to know about daily life in Japan.

Mobile site available!
