2 Eligibility

International students enrolled at Tohoku University as of April 2026 are eligible (undergraduate students, graduate students, research students, non-degree students, special auditing students, special research students).

- (1) Current students (including students who once lived in a university dorm) can apply for dormitory rooms. In addition, those who are currently staying at UH or IH and whose

residence period will expire in March 2026 can also reapply. However, new students will be given priority in the selection process.

Last October there were very high number of applicants from overseas, resulting in many current students being denied housing. If you are currently living in university housing and reapply, please be aware that your application may be denied. If your application is denied, you will have to find and lease an apartment in a short period of time.

You cannot apply for another dormitory during your current stay.

(2) Application for Family and Married Couple's Rooms

The number of family rooms and married couple rooms has decreased compared to previous years. Due to high demand, some applicants were denied even upon reapplying last October. Similar to single rooms, if your application is denied, you must find and secure an apartment within a short period. Therefore, if you are currently residing in student dormitories, please consider moving to an apartment instead of reapplying.

(3) Please confirm the following before applying for dormitories.

- ① There is no guarantee that your first choice will be approved. Please understand that due to the number of rooms available and the number of applicants, you will likely be assigned to your second choice or lower. Every year, we receive appeals for changes of accommodations after housing has been assigned. However, we cannot accept such requests. Please do not enter a preference for a dormitory where you do not wish to live.
- ② Residents cannot smoke in dorms or on the premises. If you wish to smoke, please find a private apartment. Because University Houses are shared dormitories, smokers cannot apply.
- ③ UH Aobayama residents pay 5,700 yen for resident services such as bedding and other rental items in addition to the room fee. Please note that residents cannot refuse any of the services even if they do not need them. This fee is calculated on a monthly basis covering the period from the 16th of each month to the 15th of the following month.
- ④ International House Sanjo 1 and Higashi-Sendai are old dormitories and the condition of the rooms is not good. There may be cosmetic damage to the walls, furniture, etc. Please be aware of this when applying for them.

3 Duration of Stay

In general, one of the periods below. You can apply for UH Aobayama for 2 years or shorter, or other dorms for 1 year or shorter. As for UH Nagamachi and IH Higashi Sendai, residents will be asked to write an application for a period not exceeding one year, but they can apply

for an extension of stay every year.

Please refer to "7 Move-in Date " for the move-in start date.

- ※1 The end of the period of stay is March 15 or September 15 in all student dormitories, except for exchange students who have been accepted for a fixed period of time.
(If March 15 or September 15 falls on a Saturday or Sunday, the end of the period of stay will be the weekday immediately preceding that date.)

Due to room cleaning, students cannot stay in the dorms until September 30 (or March 31). I.e., you will not be able to stay in your room until the day of the graduation ceremony.

- ※2 If students leave the dorm by the 15th day of the final month of the approved period of stay, rent and maintenance fees for the relevant month will be half of the regular fee.
However, students whose duration of stay is scheduled to end on September 15 are not eligible to receive this discount for August even if they leave before August 15. This discount applies only to the final month written on the Residence Permit. Please take note of this when entering your residence period if you are a short-term student. If you are scheduled to move out of the dormitory in February or August, please enter August 31 (Mon.) or February 26 (Fri.) for your move-out date on your application.
